**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I own and operate a small business called The Glass Man. It is a vital part of my community. I fix people's windows when they are broken. I also live and operate in a rural area where Sonic.net is virtually my only hope for having high-speed internet.

Where I live, they also provide me a landline through their service. I use these to run my business, to feed my family, to provide a service to those who need it. Competition is a good thing. We don't want internet prices monopolized like the medical industries. Also, AT&T sucks...Sonic.net Rules!
